Job Description

Job Purpose:

We are recruiting for experienced Mechanical Site Supervisors (working and non-working) to join our team for a number of projects across the Louth & Greater Dublin areas.

Duties and Responsibilities:

- Using our Construction Software Package, Procore to study and analyse blueprints and floor plans to understand all aspects of the mechanical design layout.
- Highlight any issue at prestart meetings held with Senior Project Manager.
- Oversee the installation of pipes and fixtures, such as sinks and toilets, for water, gas, steam, air, or other liquids.
- Leading the site operative and apprentice teams, with the support of the Operations Manager.
- Liaise with contractors, managers, and other stakeholders, ensuring that all parties remain co-ordinated.
- Educating site operatives on construction safety and accident protocols.
- Inspect sites regularly to identify and eliminate potential safety hazards.
- Handle site accidents in accordance with accident protocol.
- Keeping detailed records of construction site activities.
- Dealing with staff and sub-contractors and ensuring quality workmanship is met at all times in line with MGME Quality Assurance Standards.
- Raise a notice to the main contractor for all on site issues and holdups that you may incur.
- Familiarise yourself with the ordering of materials and delivery logistics with the procurement team.
- Oversee all testing and commissioning at the request of the SPM, QA and commissioning team.
- Capture all RFI's, Damage, theft and out of scope work through Procore.
- Adhere to any health and safety policies and procedures to ensure the safety and wellbeing of self, staff and visitors.
- Ensure that all company standards and policies are followed and maintained at all times.
- ***Any other duties as requested or required by the Manager or Senior Management Team.***

Person Specification:

- The ideal candidate will be a Time Served Plumber.
- Have experience working in a similar Site Supervisory position.
- Be a strong communicator both written and orally.
- Have the ability to work under pressure to deliver and meet project deadlines.
- Possess a good working knowledge of Microsoft Applications.
- Hold a full clean driving licence.
- Be open and flexible to travel across various MGME project sites.
- The candidate must hold valid safety documents.

Employee Benefits:

- Competitive compensation
- Company van and fuel card
- Company pension
- 28 + days annual leave
- Active social and charity calendar
- Opportunities for career progression

Education & Experience permanent contract. It is an excellent opportunity for a candidate who wants to gain experience with a progressive and dynamic company to further their career.
